Susan

We need to determine from TCEQ when and how we will be involved or if they plan to monitor and take the actions. The City of Houston really wants some relatively quick activity by someone with proper State or Federal oversight if trustee to perform.

Hi Susan,

The hearing went well yesterday, and there will be an emergency motion to release funds (\$160,000) to address issues at the site in the very near future. Our ER contractor is currently on-site.

Here is the letter-please let me know if you need anything else-thanks!

Good Morning Susan,

I wanted to let you know that TCEQ will mobilize its emergency response contractor today to address the critical items of concern at the site.

These critical items include:

- 1) Necessary repairs of the site's security fence and gate.
- 2) Containerizing released or unconfined waste.

3) Addressing leaking storage containers.

TCEQ anticipates that the contractor will complete these tasks within three days.

Please let me know if you have any questions.

Thanks, Monica
